ICT Accessibility: Data, Good Practices, Gaps

Presented By: Dr. Akber Gardezi, Islamabad, Pakistan

Accessibility Day, WSIS Forum 2019

ITU Tower, Geneva, Switzerland, April 8-12, 2019
“Accessibility is not a barrier to innovation”
Is labelling necessary?

Umeed e Noor, Special Education School, Islamabad children performing a school play
Limitations of Technology

I am Blind, How can I send a picture to my Mom

Let me assist you.

Am I doing it right?

A little to the left

Needs Support

Needs Training
INIT Regional Scoping Study on ICTs for People With Disabilities

- The first phase of the study has been successfully completed in Five OIC Member States, Pakistan, Qatar, Tunisia, Malaysia and Jordan;

- The INIT Team comprising of Prof. Tim Unwin, Mr. Tahir Naeem, Mr. David Banes & Dr. Akber Gardezi have conducted a preliminary analysis via semi-structured interviews of experts from nearly Fifty (50) Government Organizations, NGOs, Private Sector Firms, International Donor Agencies, Academic Institutes, and Social Enterprises working for PWDs within the selected OIC Member states.
Country Findings Practices
National Findings for Pakistan
National Findings for Qatar
National Findings for Tunisia
National Findings for Malaysia
National Findings for Jordan
